12:30	Adjourn

Learning Objectives:

On completion of the course, for each of the standard free flaps demonstrated, participants should be able to:

1. Identify the principles of free tissue transfer.
2. List the steps in harvesting flaps.
3. Distinguish the pertinent anatomy for each flap.
4. Utilize the incision strategy and pedicle of each flap.

Target Audience – Staff physicians at Kleinert Kutz, local hand surgeons, Christine M. Kleinert Hand Fellows.

Accreditation Statement - This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Louisville School of Medicine and Jewish Hospital & St. Mary’s HealthCare. The University of Louisville is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement - The University of Louisville Continuing Health Sciences Education office designates this educational activity for a maximum of 11.5 *AMA PRA Category 1 Credits*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Special Services - To request disability arrangements; call (502) 562-0310 at least 10 days prior to the program. The University of Louisville School of Medicine fully complies with the legal requirements of the ADA and the rules and regulations thereof.

Disclosure

As a sponsor accredited by the ACCME, the Office of Continuing Health Sciences Education, School of Medicine, University of Louisville, must insure balance, independence, objectivity, and scientific rigor in all its sponsored educational activities. All faculty participating in this CME Symposium were asked to disclose the following:

1. Names of proprietary entities producing health care goods or services, with the exemption of non-profit or government organizations and non-health related companies with which they or their spouse/partner have, or have had, a relevant financial relationship within the past 12 months. For this purpose, we consider the relevant financial relationships of your spouse/partner that they are aware to be theirs;
2. Describe their role;
3. No relevant or financial relationships.
4. If there was a conflict of interest, was it resolved?
5. If they intend to discuss unlabeled/investigational use(s) of a drug(s) or device(s) in the presentation.
